

**MATERIAL HANDLING
INSTALLATIONS**

Material Handling Installations. Easy. Fast. Painless.

Accurate Installations, in New Berlin, Wisconsin, provides experienced, reliable, on-time installation services for mezzanines, rack systems, material lifts, in-plant offices, shelving and other material handling products anywhere in the United States, as well as in Canada and Mexico.

We are committed to delivering worry-free services on time, every time. Whether your project is large or small, we have the capabilities to cost-effectively handle your equipment installation needs.

Accurate Installations has installed thousands of material handling products. Solid from the ground up, you can count on us to get your equipment installed quickly and safely.

About Accurate Installations.

Accurate Installations is a fully-insured, mechanical installation company with over 40 years of combined experience in mezzanines, work platforms, in-plant offices, material lifts, shelving systems, rack systems and general material handling equipment.

We have experienced, fully-trained installers, certified welders and licensed forklift operators working every job we do.

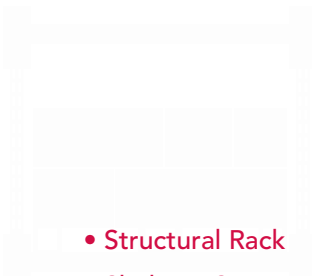

We provide fast, efficient services without ever losing track of the details that make for a successful install.

Our installations typically take place in the middle of a functional plant. Our team is experienced at getting its work done fast and safely without disrupting operations. In fact, our team has experience with many different installation challenges and holds several OSHA certifications.
